

# SPEECH AND LANGUAGE THERAPY SERVICES

## THERAPY TO HELP EACH CHILD BE THEIR BEST

At Berns Therapy Solutions, we provide each child with individualized therapy.

Speech and language concerns may present in a variety of ways. Let our experts help determine if a child may benefit from therapy targeting:

- Production of age-appropriate speech sounds
- Using age-appropriate grammar and vocabulary
- Understanding and following directions
- Social communication skills
- Reading, writing, and spelling

### Our Services

**FREE SCREENINGS** A quick look at skills to help determine whether or not a full evaluation is warranted.

**EVALUATIONS** A comprehensive assessment of skills in many areas in order to identify a child's strengths and weaknesses.

**THERAPY** Once a child's needs have been determined, we will develop goals and provide individualized speech and language therapy.

**MONTHLY UPDATES** Our therapists provide detailed reports outlining each child's progress and tips to help target skills in the classroom and at home.
