

# **Coffee Chat**

with the Diverse Learners Cooperative

Case Manager Close Out Part II: Determining End of Year Student Progress

- Friday, May 14th
- 8:30 8:45am CST

## **Diverse Learners** COOPERATIVE

The Diverse Learners Cooperative is a nonprofit organization that connects teachers and leaders with professional **learning**, **resources**, and **networks** to <u>improve outcomes</u> for diverse learners + <u>increase teacher and leader retention</u>

## Today's Mission

To provide a **systematic approach** to end-of-year IEP data collection, along with a **protocol** for analyzing and reflecting upon this information.

#### AGENDA:

- 1. Why is this important?
- 2. Data Collection
- 3. Data Analysis Protocol
- 4. Determine Action Steps

# Why is this important?

## **Determining Progress**

The process has two goals:

 LOOK BACK: Case managers use this method to reflect on instructional practices this school year

 LOOK FORWARD: Case managers provide a comprehensive "big picture" for next year's case manager

# **Data Collection**

## **Determine Data to Collect**

- IEP goal-specific data (from annual IEPs)
  - The end of the school year may *not* be the end of an IEP cycle
  - Consider ILP goals for ML students (look at ACCESS data)

- End of year data (MAP + state testing)
  - All of this data deserves thorough analysis + reflection (key insights!)
  - Focus on progress toward IEP goals as part of the special education case manager's close-out process

### **Determine the Tool**

• Remain consistent with your method for progress monitoring data collection

#### **Using Paper + Pencil**

### **Determine Logistics**

will collect these data? Do they need training? WHEN

will we collect these data?

needs to be communicated ahead of time? To whom?

WHAT

# Data Analysis Protocol

#### Data Analysis: *Three Part Process*

Consider using the EOY IEP Reflection Tool to guide this process.

Communicate

Reflect Summarize

### Data Analysis: *Summarize*

Goals: (List goals here)	Progress Toward Goal: Goal Met = Goal achieved Sufficient Progress = Some progress made toward goal Insufficient Progress = No progress or decline			
LA: Answers WH questions	Goal Met		ection Questions:	Reflection Responses: (Type here)
LA: Summarizes 3 key details from text	Sufficient Progress	JK's Progress Toward Goals Summary:		
LA: Make predictions from a text	Sufficient Progress		1 0 0	28.60%
M: Subtracts digits 1-9	Insufficient Progress	Insufficient Progress Goal Met Progress	at percentage of goals had sufficient ress?	42.90%
M: Counts 1-10	Sufficient Progress		at percentage of goals had insufficient ress?	28.60%
M: Adds digits 1-9	Insufficient Progress	4. What been at	at teacher actions led to goals that have achieved or goals with sufficient progress?	JK showed significant progress in reading goals this year. She was in a small group pull out 45 min x 5 times per week where the main focus was on reading comprehension skills. She also made significant progress on her pre-vocational skill facilitated by practice at lunch-bunch on Fridays.
Pre-Voc: Initiates conversation	Goal Met	insuffic	at teacher actions led to goals with ficient progress?	JK did not show as much progress in math goals. Currently she is receiving inclusion 2x per week for 50 minutes in the general education class. She has made progress on grade level standards, but not as much progress on IEP goals.
		Sufficient Progress 42.9% 6. Addi	ditional reflections?	Monitor math growth early next school year. If she does not show adequate growth, consider an IEP addendum to increase minutes. Continue reading pull-out for reading goals, and lunch-bunch to address pre-vocational goals.
